

Easter Resources

At the end of Spring term, we had planned to look at The Tale of Peter Rabbit, leading up to Easter. I have included a range of activities you may wish to complete with your child at home linked to this story.

English

Listen to the story of The Tale of Peter Rabbit. I have included a link to the story being read out loud. Share the story with your child and discuss what they like and dislike about it.

Maths

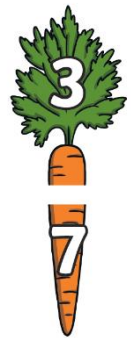

Peter Rabbit is very hungry and wants lots of carrots to eat!

Draw and make 10 carrots with the numbers 1 to 10 on the leaves and 1 to 10 on the carrots. Cut the tops off the carrots so they are separate. I have also uploaded printable versions of these if you have a printer.

Take turns to choose two carrot cards. Place them together and see if the numbers add up to 10. If they do, the completed carrot can be kept for Peter Rabbit to eat. If they do not add up to 10 both pieces should be placed back.

Keep going until all of the carrots have been completed. The player with the most complete carrots, wins the game!

Challenge: Can you write out the number sentences for each pair that you make?

Art

Can you draw map of Mr McGregor's Garden – where would he have all of the different vegetables? How would Peter Rabbit escape?

Can you draw all the parts of the garden that are mentioned in the story?

Your garden will need, a watering can, gate, lettuce patch, radish patch, parsley plant, cucumber patch, cabbage patch, potato patch, gooseberry bush, a shed and a cat.

Challenge: Can you label some parts of your garden?

I would love to see any of your work and creations on Tapestry, by email or on twitter. Most importantly have fun together and stay safe!

Thank you!

Miss Wilkinson
