

# A dream job

ch  
Phase 5b

At moon school

I think that when I grow up  
I will be a school teacher...

or maybe a chemist.

I could  
grow  
orchids,

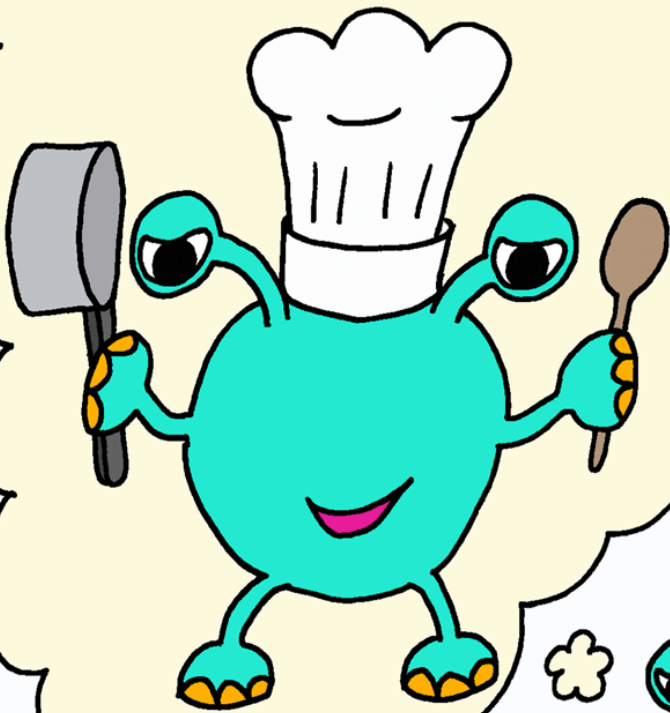

be an architect

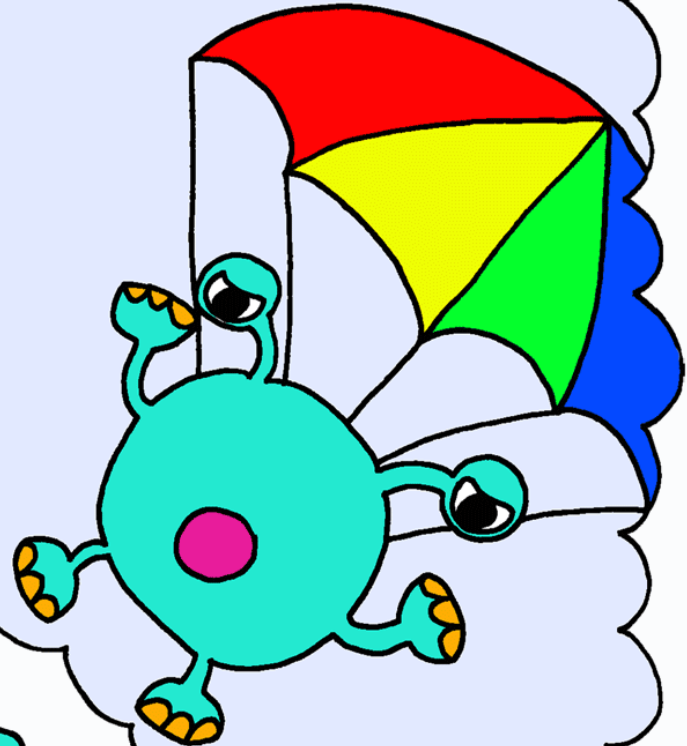

or conduct an  
orchestra.

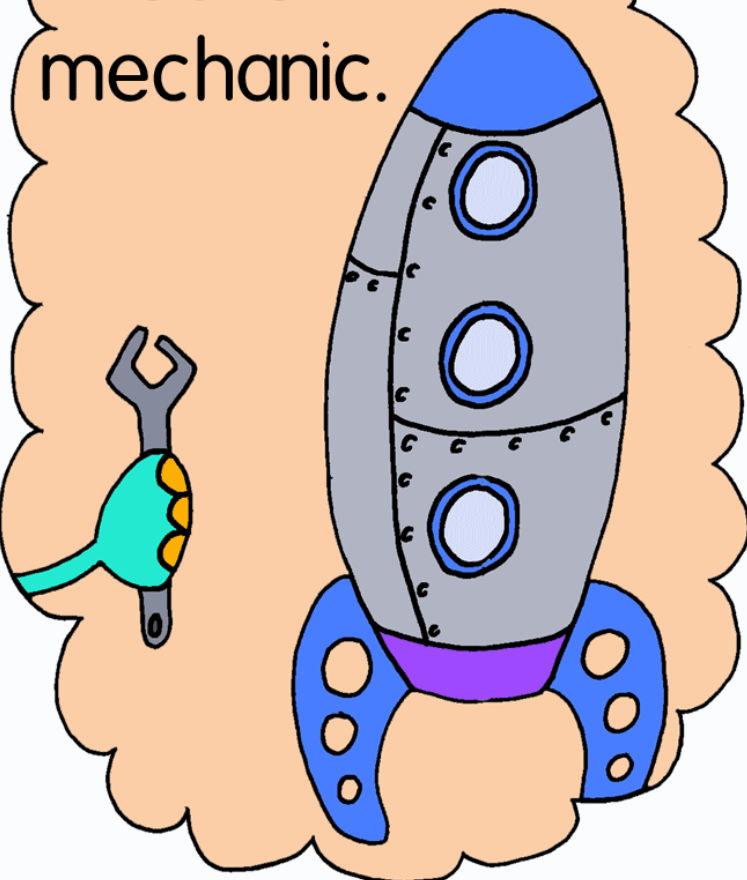

Perhaps I could  
be a chef,

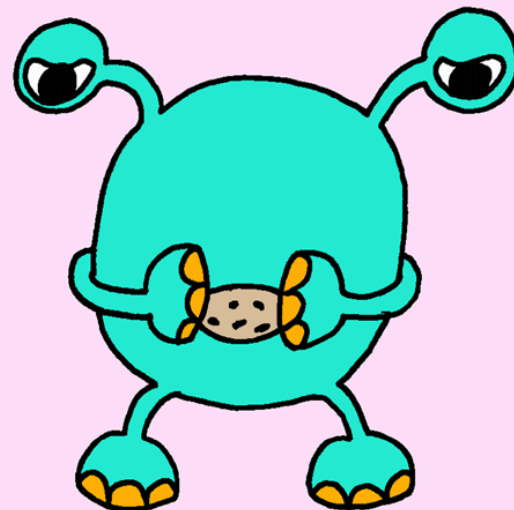

parachute  
out of a plane

or be a  
rocket  
mechanic.

Maybe I  
will be a  
choc chip cookie  
tester.
