## Monday

We are going to continue thinking about inference today. This is an important reading skill which helps us to make conclusions based on clues in an image or text. Looking at the image below, complete the inference square.

Tuesday

By the end of the week, we are going to write a setting description. Before we do, we need to look at adjectives and expanded noun phrases.

- Use the power point about expanded noun phrases to support your learning.

- Read The Jungle to find expanded noun phrases

Wednesday

Today we are planning to write a setting from Monday's picture. What exciting vocabulary could you include? Can you describe what you can see but also another sense?

Thursday

Write your setting today. Can you include:

- Adjectives in an expanded noun phrase.

- Exclamation sentence. E.g. What a dark cave that is!

- Comma in a list e.g. At the shop I bought apples, bananas and pears.

Friday

Today is a reading comprehension and handwriting day.
