

Activities and games to play with number cards

- Use the cards for number recognition
- Use the cards to show the correct amount on fingers
- Use the cards to jump or clap the correct number of times
- Order the cards from 1-10
- Find the correct number of objects to match the corresponding number
- Find a missing number on the number line. Order the numbers one to 10, then turn over a number. Which one is missing? How do you know?
