## March 2019 - Newsletter 24

### ATTENDANCE THIS WEEK

Nursery	Reception	Year 1	Year 2	Year 3	Year 4	Whole School (excluding Nursery)
92.2%	98.5%	93.8%	90.0%	97.9%	98.3%	95.2%

Our school target for attendance is 97%.

### PTFA NEWS

A reminder that we will be planting the trees on Friday 22nd March and that we will need as many volunteers as possible please (both parents and grandparents) - even just for an hour! Please bring along a spade and plant a tree (or two) with your child(ren).

Sponsor a Tree

*giftaid it*

As part of this project, the PTFA are asking for Gift Aid. This means your donation could make an even bigger impact at no extra cost to you. Donations from UK taxpayers qualify for Gift Aid. This means that for every £1 you give, we can claim an extra 25p. For example, a gift of £10.00 means we can reclaim £2.50 making your gift worth £12.50. It won't cost you a single penny more, but it will help the PTFA increase their funds for the benefit of our children.

### WORSHIP

Worship has had a scientific twist this week, in support of STEM week. We have learned about the Flipflop Project in Kenya, which aims to reduce the amount of plastic in our oceans - they even made a boat by recycling washed up plastics, including washed up flip flops!

### GOSFORTH VOICES

Today, we welcomed Gosforth Voices. It is always a pleasure to listen to the children of GST perform! It would be great if we could increase the number of children representing ARFS in the choir. If your child is interested in joining, please see information attached or contact Georgina Biddle. [SISMUSICADMIN@newcastle.gov.uk](mailto:SISMUSICADMIN@newcastle.gov.uk)

Gosforth Voices will also be performing at the Achievement Awards on Thursday 21<sup>st</sup> March. We have every confidence that they will be fantastic!

### WORLD POETRY DAY

Parents and carers are invited to watch children in Years 1-4 recite a poem as a class, on Thursday 21<sup>st</sup> March at 2:30pm.

### SAFEGUARDING

Safeguarding training for all parent helpers, volunteers and Reading Buddies will be held, in school, on Friday 22<sup>nd</sup> March from 9:00-9:30am. Please complete the ParentMail form online to let us know if you can attend.

A reminder that Mrs Mann, Miss Burns and I are Designated Safeguarding Leads. If you have concerns about a child, please speak to one of us.

## STAFFING

Miss Leigh (one of our Reception Teachers) has decided to seek employment in a school closer to home, after Easter. We are currently in the process of recruiting a member of staff to work in Reception, alongside Miss Baharie from April. We will, of course, keep you informed when we appoint.

We would like to thank Miss Leigh for her hard work during her time at ARFS. We appreciate how much effort it has been for her; travelling a long way, to and from school on several buses, each morning and evening as well as working full time, with a young child at home. We wish her every success for her future and look forward to hearing how she's getting on.

Miss Burns is now back at school so, if you would like to discuss the progress of your child, please arrange to see her on Thursday 28<sup>th</sup> March. You can sign up for an appointment on ParentMail from Monday 18<sup>th</sup> at 6pm when the appointment booking system will go live.

Mr Hunter is hoping to be back next week- we are all looking forward to seeing him!

## STEM WEEK

STEM week has been a resounding success this week! Thank you to Mr Renny for organising all the events and visitors to school and thank you to all our parents who have worked with children in school this week. The children have been enthusiastic about all things STEM which has hopefully helped to enthuse the next generation of scientists and engineers!

Building on this success, every week until Easter, Mr Renny will be setting an *optional* Science challenge for children to complete over the weekend (please see below). The challenges can be undertaken with family and friends and are designed to encourage a love of science amongst our children. Mr Renny would love to hear how your child has got on with each challenge so please send any comments and feedback directly to him by Sunday evening via email - [tom.renny@archbishop.newcastle.sch.uk](mailto:tom.renny@archbishop.newcastle.sch.uk) . Any photos of children completing tasks with parents/carers/friends are welcome too! Over the coming weeks, we will add these photos to a display in school to celebrate the children's efforts and scientific enquiry.

## PARENT WORKSHOP

The Parent Workshop, on Monday, was extremely well received by those parents who attended and we all left with some tips! Thank you to Paula Stones for running the session. Because parents were so positive about the session, I am arranging for Paula to re-run the workshop on an evening. Details to follow.

## LETTER FROM A LOCAL PARENT

I have been contacted by a local resident and parent, asking me to share the following message;

*"Every morning I walk my young children to school along Christon Road where they are subjected to pollution from idling vehicles. On occasions my children have started to choke on the fumes. I am growing increasingly concerned about the impact car emissions are having on my children and all the other children who walk to school along Christon Road. The attached article shows that my concerns are valid and that the potential damage to my children's health is real.*

<https://www.bbc.co.uk/news/uk-47520848>

*I would be very grateful if you could please kindly ask parents and guardians of pupils at Archbishop Runcie who drive to school to turn their engines off when waiting outside school and alert them to the harm car pollution can cause our children.”*

Coincidentally, one of our parents has also raised this as a concern this week.

### CHARITABLE GIVING- RED NOSE DAY

The children have really enjoyed “doing something funny for money” today. We have enjoyed looking at all the red noses and comedy glasses! In total, we raised £118.93 for Comic Relief. Thank you to all those who contributed. Lots of children had recycled their red noses from last year, or used face paint, as part of our aim to reduce single use plastic in school- what great thinking!

### WHAT TO EXPECT

A new version of “What to expect, when?” has just been released. This is a document created by Action for Children, with the Department of Education. It is very helpful in helping guide parents through their children’s learning and development, within the Early Years Foundation Stage. We have added the document to the school website, for your information.

### ALL STARS CRICKET

All Stars Cricket is the England and Wales Cricket Board’s entry level participation programme, aimed at providing children aged five to eight with a great first experience in cricket.

Every child that registers will receive a backpack full of goodies including a cricket bat, ball, activity book, personalised shirt and cap all sent straight to your door. You can now sign up for programmes starting from May 2019. Just visit <https://www.ecb.co.uk/play/all-stars> to book a place.

### KS2 FOOTBALL TEAM

We were informed on Tuesday that GST have now changed the Year 3 football tournament to Years 3 & 4. Consequently, Mr Renny will be running **a Year 3 and Year 4 football club 3:30-4:15pm, every Monday** for the remainder of this half term. The purpose of this club is to select a team for the Year 3&4, seven a side **mixed** team for the Gosforth Gets Going Football Tournament. We will need at least two girls on the team!

Children attending should wear a football kit, including shin pads and football boots, as, unless weather is severe, the sessions will take place on the field. Children should also bring a bag to put their muddy shoes in, after the session.

Please complete the form on ParentMail if your child is interested in attending these sessions. If you have any questions, please contact Mr Renny directly ([tom.renny@archbishop.newcastle.sch.uk](mailto:tom.renny@archbishop.newcastle.sch.uk)). Apologies for this late change of plan.

### READING RECORDS

We have noticed a decrease in parental comments in children’s Reading Records since the beginning of the year, particularly in Years 3 and 4. Please could we ask you to give a brief comment **on each book separately** and then a short comment **each time your child re-reads** their book? A short daily reading session (e.g. ten mins per day) is often more productive than an infrequent longer one.

Comments about fluency, expression and intonation, as well as understanding (comprehension of events and inference about characters feelings) are really useful please (rather than a comment about completion). This will enable us to use your daily comments as part of our ongoing assessments. Question stems, to support you with this, are stuck inside Reading Record front covers. Re-reading texts is really important and will help children develop their fluency and pace. Thank you so much in advance for your understanding and support.

### **PERSIAN NEW YEAR**

Mrs Kohanajad is coming into school, next Thursday morning, to teach our children about Persian New Year, celebrating a season of new life, and wishing for good luck in the year ahead. Children will be planting seeds and decorating eggs. She has requested that each child brings in a hard-boiled egg (it may be wise to bring two- just in case!). The staff will be having an egg decorating competition too!!

### **PARENT QUESTIONNAIRE**

We would be grateful for your feedback about various aspects of school life. Please complete the ParentMail form online (which will be available early next week) to give your views to help us recognise our strengths and further improve our school.

### **Y4 RESIDENTIAL (For the attention of parents of current Y3 children)**

The £20.00 deposit for the Year 4 residential visit, to Dukes House Wood, in September, is due on Friday 22<sup>nd</sup> March. Please pay via ParentMail. We need to let Dukes House know final numbers on 22<sup>nd</sup> March so if deposits are not received, we will assume you do not wish your child to attend and will make alternative arrangements for your child.

### **SAVE THE DATE: CHILDREN'S CANCER RUN, SUNDAY 19<sup>th</sup> MAY 2019**

We will be sending out some more detailed information in April about this year's Children's Cancer Run and the exciting plans we have to get the children enthused about this great opportunity to have fun, get fit and help others.

For those that have done it before (or those who know they want to enter) the event will again be taking place at Newcastle Racecourse on Sunday 19<sup>th</sup> May. There are runs of various lengths, suitable for all ages of school children from nursery age up.

Early bird entries end soon so if you want to enter go to <https://www.neccr.org.uk/event/childrens-cancer-run-2019/>. Please make sure you select the "Run for your school option" and select Archbishop Runcie.

As always, please do not hesitate to contact me if you have any questions or queries.

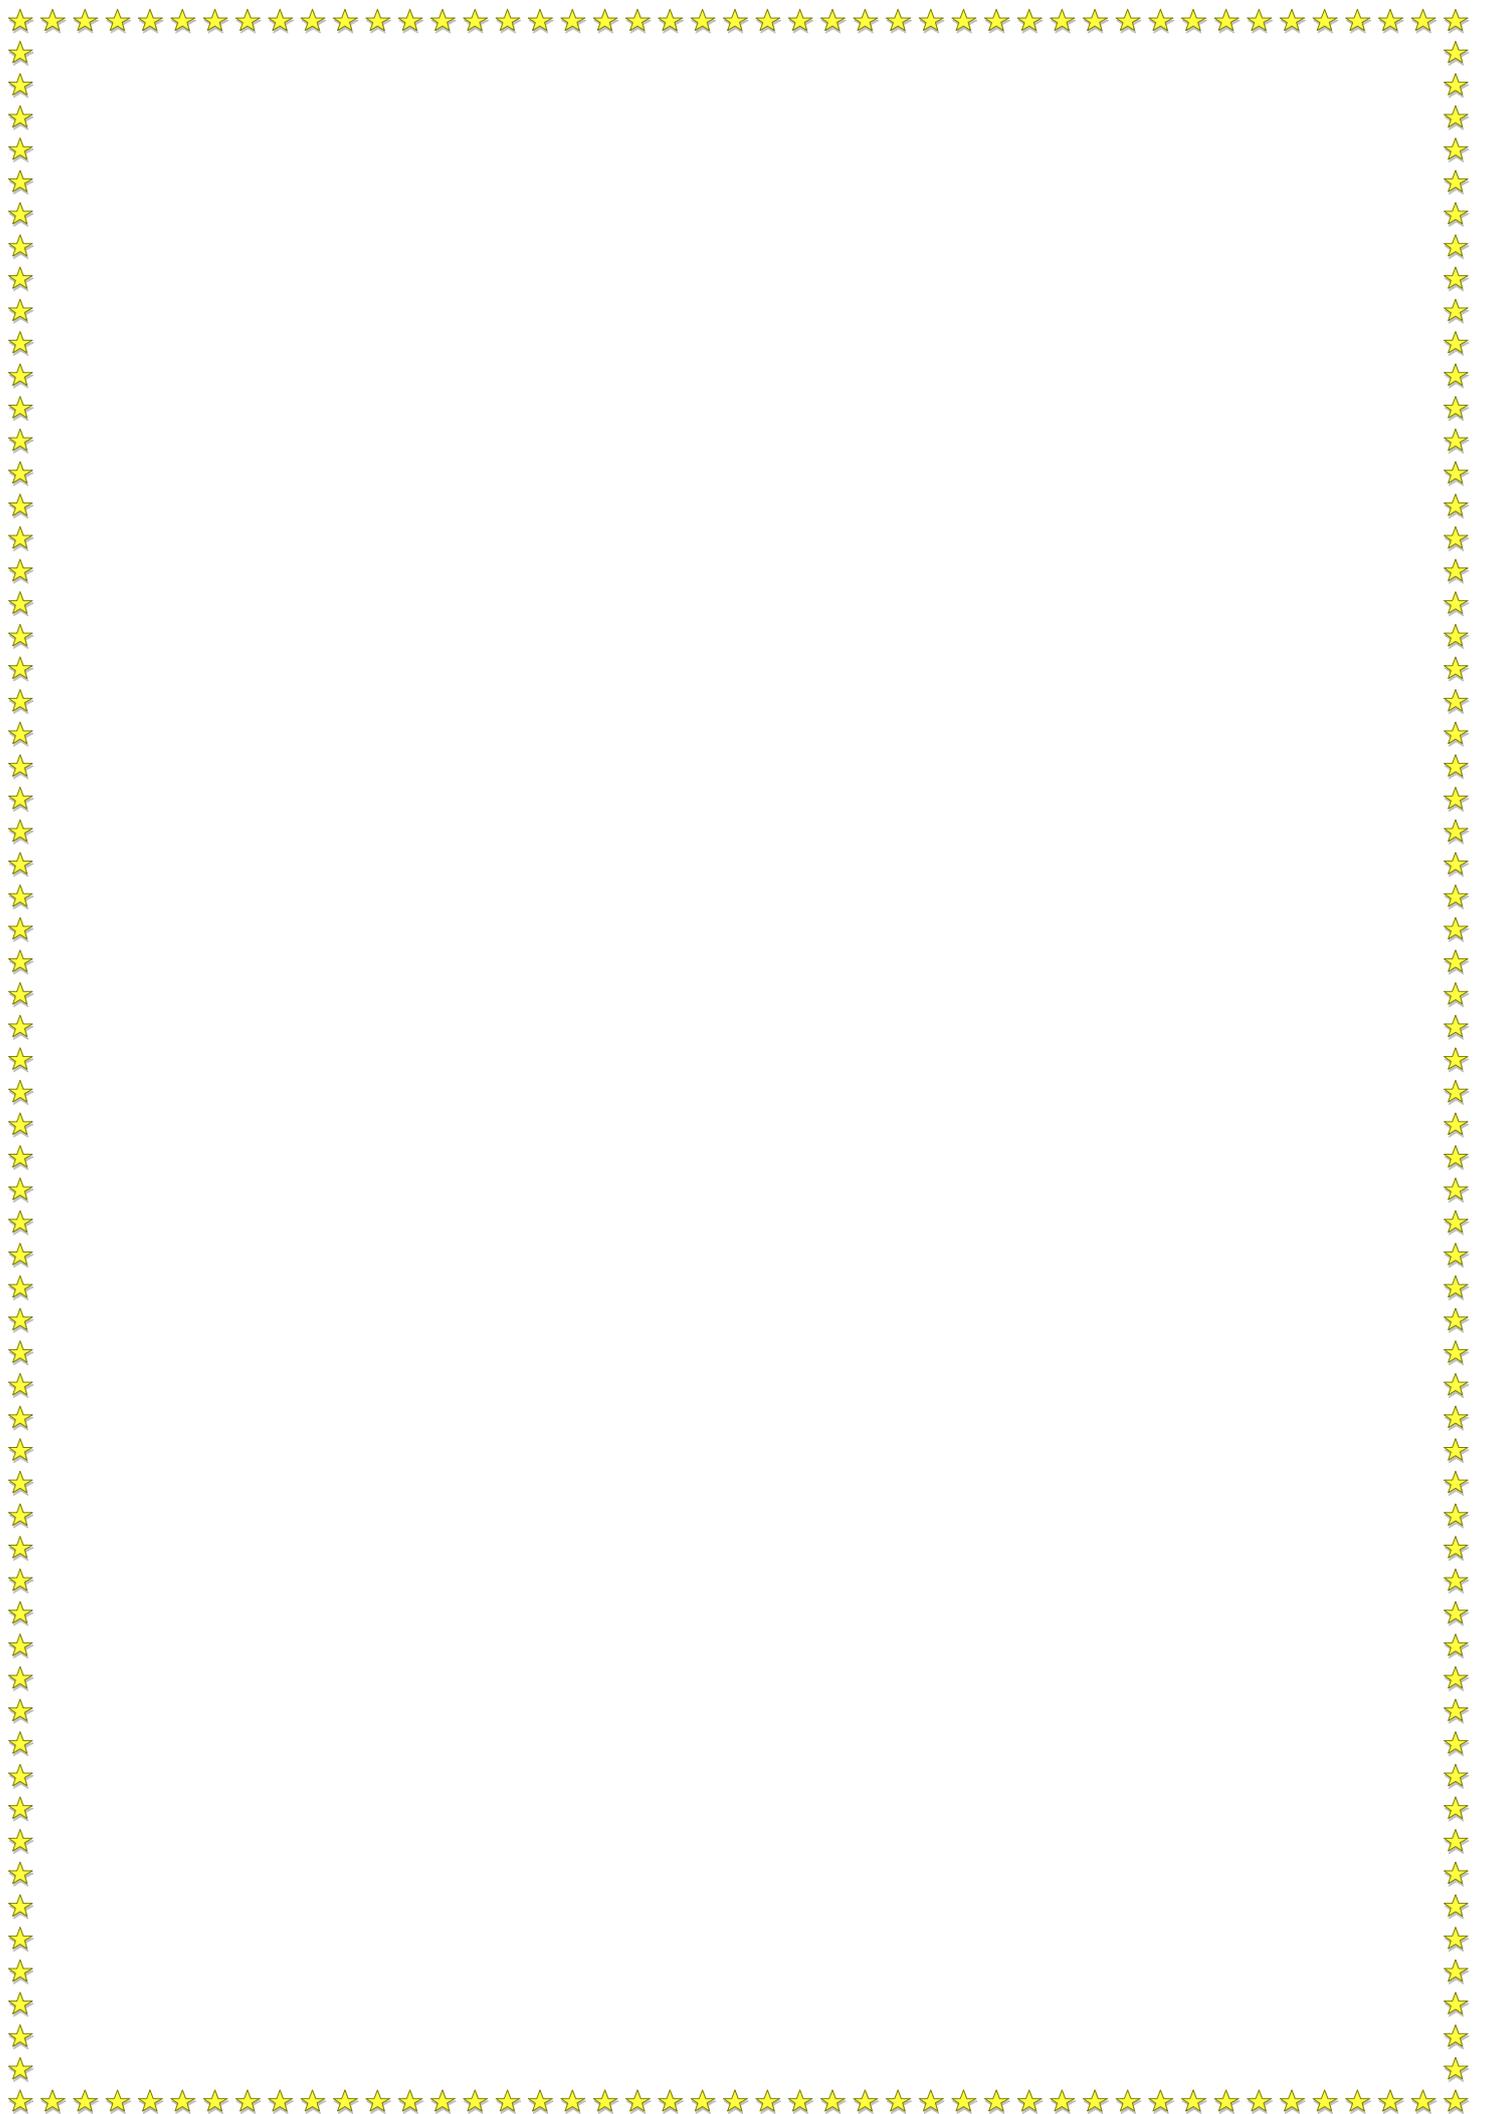

With my very best wishes,

*Mrs KE Massey*

Headteacher

## STEM CHALLENGE 1: Make a paperclip float

### You will need:

- clean dry paper clips
- tissue paper
- a bowl of water
- pencil with rubber

### What to do:

- Fill the bowl with water
- Try to make the paper clip float...(this won't work!)
- Tear a piece of tissue paper
- GENTLY drop the tissue flat onto the surface of the water
- GENTLY place a dry paper clip flat onto the tissue (try not to touch the water or the tissue)
- Use the rubber end of the pencil to carefully poke the tissue (not the paper clip) until the tissue sinks. With some luck, the tissue will sink and leave the paper clip floating!

### How it works and questions to ask your child:

**SURFACE TENSION.** There is a sort of skin on the surface of water where the water molecules hold on tight together. If the conditions are right, they can hold tight enough to support your paper clip. The paperclip is not truly floating, it is being held up by the surface tension. Many insects, such as water striders, use this “skin” to walk across the surface of a stream.

1. How many paperclips can the surface tension hold?
2. Does the shape of the paperclip affect its floating ability?
3. What liquids have the strongest surface tension?
4. Can the surface tension of water be made stronger? (try sprinkling baby powder on the surface)

### **MESSAGE FROM THE CHAIR OF GOVERNORS**

It has been fantastic to see the school twitter account take off over the last few months- it is great to see all the exciting things happening in school.

As a Governing Body, we are always looking to explore possible ideas for funding streams, which we could use. If anyone has any suggestions, please let us know!
