

Bob's Day (Miss Davison's example)

First, Bob gets ready to go to work. He has two slices of toast for his breakfast and a cup of tea. He rides his unicorn to get to the rocket.	Then, he gets on the rocket and flies into space. On his way to work Bob sees aliens, stars and planets.	Next, at work Bob twirls, whirls and sings to the tourists visiting space.	Finally, Bob heads home. He has a relaxing bath and reads a book all about the aliens that live on the moon!
